KANSAS DENTAL BOARD

FINAL AGENCY ORDER

The Kansas Dental Board, after notice and opportunity for hearing in accordance with the provisions of the Kansas Administrative Procedure Act and the Kansas Dental Practices Act, hereby enters this Final Agency Order **REVOKING** the Kansas license to practice dentistry of Whitney Anne Simonet, D.D.S., License No. 60106, effective as provided herein.

I. BACKGROUND

On September 28, 2015, Administrative Law Judge / Presiding Officer Chris J. Kellogg, entered a Notice of Proposed Default Order and Proposed Default Order in accordance with K.S.A. § 77-520. The Presiding Officer found that:

1. The respondent failed to attend the prehearing conference schedule for September 24, 2015. Notice of the prehearing date, time and procedure was sent to the respondent's last known address. The respondent did not request a continuance or notify the ALJ that she would not be able to attend. The ALJ and counsel for the petitioner were present at the appointed time and date. Therefore, the respondent has failed to participate in the adjudicatory process and is in default. K.S.A. 77-520.
2. This proposed Default Order shall become effective seven days after service or ten days after mailing of this order unless the respondent files a written motion with the ALJ stating why the Proposed Default Order should be vacated and the order is then vacated.

Furthermore, the Presiding Officer ordered as follows:

3. If this Proposed Default Order becomes effective, the following findings and orders shall be in effect:

Due to respondent's failure to appear, the allegations, counts and proposed discipline continued in the August 14, 2015, Petition for Disciplinary action are hereby found to be uncontested.

Accordingly, the tribunal finds the factual allegations set forth in the Petition for Disciplinary Action to be true and accurate. Further, based on those allegations, the respondent has committed multiple violations of K.S.A. 65-1436 and K.A.R. 71-1-15, subjecting her to appropriate discipline by the petitioner.

Because the respondent failed to appear at the prehearing conference, and is in default, the respondent is not entitled to any notice regarding further proceedings by the petitioner. K.S.A. 77-520. The Kansas Dental Board is free to impose appropriate discipline against the respondent, without further notice to her.

The ALJ, being well and duly advised in the premises, now enters this Proposed Default Order against the appellant. It shall take effect as specified in the above findings.

(The Notice of Proposed Default Order and Proposed Default Order is incorporated herein by this reference).

Respondent was provided proper notice of the Notice of Proposed Default Order and Proposed Default Order as required by K.S.A. § 77-526. Respondent did not file a motion requesting that the proposed default order be vacated and stating the grounds relied upon within seven (7) days of service of the Notice of Proposed Default Order and Proposed Default Order, under K.S.A. § 77-520(b).

Pursuant to Respondent's default in this matter, the Board now enters the following findings of fact and conclusions of law, and discipline against Respondent's license to practice dentistry in the State of Kansas.

II. FINDINGS OF FACT

1. Per the finding of the Presiding Officer, the facts as set forth in the Petition for Disciplinary Action, filed with the Board on August 14, 2015, and recited herein below, are true and accurate:

a. Respondent is currently entitled to practice dentistry in the State of Kansas by reason of the Board having issued her License No. 60106 ("Kansas license"). At all times

relevant to this petition, Respondent has held a current license to engage in the practice of dentistry in the State of Kansas. Respondent may be served with this petition at her residential address of 21520 W. 53rd Street, Shawnee, KS 66226.

b. The Board's Investigation Member has received certain information, investigated and determined that there are reasonable grounds to believe that Respondent has committed one or more acts in violation of K.S.A. § 65-1436(a) that would justify the revocation or imposition of other disciplinary action against her Kansas License under the provisions of K.S.A. § 65-1436(b) and/or the assessment of a civil fine against Respondent under the provisions of K.S.A. § 65-1436(d).

c. The United States Drug Enforcement Administration (“DEA”) and the City of Shawnee Police Department (“Shawnee PD”) began investigating Respondent in early 2012 for the suspected prescribing of controlled substances to persons without a legal or legitimate dental purpose.

d. The DEA / Shawnee PD investigation established that from approximately May 1, 2011 through June 5, 2012, Respondent prescribed 10 mg Hydrocodone, 30 tablets to nine (9) different persons for reasons other than legitimate dental purposes and/or otherwise outside of the scope of the practice of dentistry.

e. On or about June 5, 2012, Respondent admitted to the DEA and Shawnee PD that nearly all of the recipients of Hydrocodone during this time period were friends and acquaintances, and not legitimate dental patients, said prescriptions were not written for legitimate dental needs, and/or the recipients of were not dental patients of record.

f. Moreover, Respondent admitted to the DEA and Shawnee PD, and/or the DEA and Shawnee PD investigation established, that Respondent would obtain approximately

half of the Hydrocodone tablets from the prescriptions written for Respondent's own personal use.

g. On or about June 5, 2012, Respondent completed DEA Form 104, "Voluntary Surrender of Controlled Substances Privileges," by and through which Respondent voluntarily surrendered her DEA Registration, BS7519006, "for cause," in lieu of facing a show-cause hearing before the DEA, relating to the prescribing of controlled substances to persons without a legal or legitimate dental purpose and/or otherwise outside of the scope of the practice of dentistry, and without a patient record.

h. On or about September 24, 2013, Respondent was charged by the State of Kansas in Johnson County Case No. 13-CR-2168 (the "Criminal Case"), with twenty (20) counts of the unlawful, willful and felonious distribution of a controlled substance, in violation of K.S.A. § 65-4109(d)(4), K.S.A. § 21-5705(a)(1), and K.S.A. § 21-6808.

i. On or about December 9, 2014, Respondent plead guilty to (2) two counts of the unlawful, willful and felonious distribution of a quantity of Hydrocodone, in violation of K.S.A. § 65-4109(d)(4) and K.S.A. § 21-5705(a)(1).

j. Respondent completed renewal of her Kansas License with the Board on or about February 26, 2013 via the paper renewal application entitled "BI-ANNUAL RENEWAL FORM."

k. Respondent did not disclose the for cause surrender of her DEA certificate to the Board in her February 26, 2013 renewal application. Specifically, Respondent answered "no" to the following question in the Legal Information section of the renewal application:

Has any disciplinary action been taken or initiated against you by a state licensing agency or other state or federal agency or have you surrendered or consented to limitation of license to practice in any state since your last renewal?

l. Respondent completed an online renewal of her Kansas license with the Board on or about Friday, December 5, 2014.

m. Respondent did not disclose, in her December 5, 2014 renewal application the surrender of her DEA certificate for cause, the charges pending against her in the Criminal Case, or her guilty plea in the Criminal Case, which Respondent knew was to be entered the following Tuesday, December 9, 2014.

n. Subsequent to her conviction of two counts of the unlawful, willful and felonious distribution of a controlled substance in violation of K.S.A. § 65-4109(d)(4) and K.S.A. § 21-5705(a)(1), Respondent has never informed the Board of the surrender of her DEA certificate for cause or her guilty pleas in the Criminal Case.

III. CONCLUSIONS OF LAW

1. The Board is the duly constituted and acting agency of the State of Kansas authorized to administer and enforce the provisions of the Kansas Dental Practices Act, which is codified in article 14 of chapter 65 and article 14 of chapter 74 of the Kansas Statutes Annotated and amendments thereto (“KDPA” or “Act”). (1) revoke the license. . . .

5. Respondent's failure to disclose her "for cause" surrender of her DEA certificate to the Board in her February 26, 2013 renewal application; specifically, answering "no" following question in the Legal Information section of the renewal application:

11. Respondent's failure to keep any records relating to any of the nine (9) patients to whom she prescribed Hydrocodone constitutes a failure to keep adequate records in violation of K.S.A. § 65-1436(a)(17) and K.A.R. § 71-1-15.

12. Respondent has been determined by the Board to be professionally incompetent as that term is defined in K.S.A. § 65-1436(c), in violation of K.S.A. § 65-1436(a)(3), due to Respondent's prescription of Hydrocodone to nine (9) different patients for reasons other than legitimate dental purposes and/or otherwise outside the scope of the practice of dentistry and due to Respondent's failure to disclose her "for cause" surrender of her DEA license and subsequent conviction two (2) counts of the unlawful, willful and felonious distribution of a quantity of

Hydrocodone, in violation of K.S.A. § 65-4109(d)(4) and K.S.A. § 21-5705(a)(1) to the Board on her February 26, 2013 and December 5, 2014 renewal applications, and due to Respondent's failure to keep adequate records.
